Golf 101 is a six session program offered only by LPGA Teaching Professionals. Golf 101 will provide you with a knowledge base, tools to be successful and most importantly, the confidence you need to get out on the golf course and enjoy the game. The program starts with putting and chipping technique, then moves into pitching and iron play and finishes with instruction for hitting hybrids, fairway woods and driver.

This program will provide you with key fundamentals to build confidence in your game, network with other women and enjoy the game of a lifetime.

The cost for six one hour sessions is \$299.

By working from green to tee versus the traditional tee to green, we lower the challenge point and enable students to learn and progress with more success and less frustration - - key to keeping students motivated and promoting the enjoyment of the game of golf. The challenge is to score 36 (par for 9 holes).

Operation 36 is perfect for juniors (ages 3-18) as well as adults. It is a valuable learning experience for beginners as well as experienced players.

The cost for six one hour sessions is \$299.

Contact Peggy Gustafson for more information or to reserve. Class sizes are a minimum of four and a maximum of six.

Short Game Bootcamps

- Putting Analysis
- "Wedgeucation"
- Class size is limited to 6 max (minimum of 4)

Includes on-course training
